Quality Control

- All the required material is sourced from qualified manufacturers.
- Each job undergoes stringent quality check and stage inspection.
- Team of experienced people oversee the end-to-end manufacturing process ensuring quality product is dispatched to the customer.

Design

Designs have been standardised up to 5000 KVA and 33 KV range as per IS: 2026 reference standard.

In-house experienced design team helps SEPL provide quality product with best design & optimum efficiency that complies with required specifications.

The company can cater to any non-standard requirement of jobs within the prescribed range.

Approvals

- Products are type-tested at recognized institutes such as ERDA and are approved by the respective regulatory boards.
- SEPL is an ISO 9001:2008 certified company.

Products

Silverline Electricals Pvt. Ltd. manufactures following energy efficient and cost effective products conforming to the latest design specifications:

- Distribution and Power Transformers rating up to 5000 KVA/33 KV
- HT & LT Feeder Pillars
- Synchronising Panel
- APFC Panel
- CT Operated Meter Boxes
- 63/100/200 KVA Distribution Boxes

Works:

Gat No. 945, Ispat Road,
Sanaswadi - 412 208, Tal.: Shirur, Dist. Pune
Phone: 02137 - 253366 / 252415

E60, Satharia Industrial Development
Authority (SIDA), Dist. Jaunpur,
Uttar Pradesh, INDIA

Services

Our capabilities allows us to provide efficient & cost effective design and services for end-to-end execution of the projects and consulting services.
